

**Reflexite®**  
products for  
rail car

## Reflexite® Rail Conspicuity Material

- Adheres easily to flat or curved surfaces
- Withstands high-pressure washing and resists edge lift
- Visible FRA 224 certification mark
- Continues to reflect even after impact
- Thin and flexible for easy application
- Provides the longest sight detection distance
- Can be trimmed with a utility knife or scissors

### Specification Compliance:

- 49 CFR 224
- ASTM D4956-01

### Standard Configurations:

- 4" x 150' standard roll size
- 4" x 18" strips
- 4" x 36" strips
- Kiss-cut rolls (18") available

### Engineered to Save Lives™
